

19th of April, 2022

Morges, Switzerland

To whom it may concern

Dear Sirs,

Our company Harvest Group SA entered into a commercial partnership with Paramount Energy & Commodities SA in February 2019 for the funding of our additional volumes of wheat and corn purchased mainly from suppliers in Ukraine and delivered to West Coast Africa. The relationship has proven to be extremely successful and Harvest Group SA is looking forward to further expanding its business activity thanks to its trusted and reliable partner for the benefit of all parties involved, including our growing customer base in Africa.

Best Regards,

Almaz Alsenov
Managing Director
Harvest Group SA
